
ISCE SOFTWARE

MARCH 2007

ISCE 4.2 Features

- **All references to “Appendix I” have been changed to “Table 7-1”**
- **Removed the 5% Small Order Cost Factor**
- **Added an ‘Attachment’ tab which will be strictly for ISEC Reviewers and DOIM users. Supported formats are:**
  - **PowerPoint (.ppt),**
  - **Auto CADD (.dwg)**
  - **Bit Map (.bmp)**
  - **MicroStation (.hln)**
  - **Word (.doc)**
  - **Excel (. xls)**
  - **Graphic Interchange Format (.gif)**
  - **Joint Photographic Experts Group (.jpg)**
  - **Compressed Files (.zip)**
  - **Adobe (.pdf)**

  NOTE: Limitation 4 images. Entire Attachment tab must not exceed 10 Meg

ISCE 4.2 Features

- **Incorporated updates in Sections I and II of the software to support SIPRNET.**
- **Installation Tables have been updated to carry an ACF entry for "state - general" and "nation-general"**
- **The software window size has been expanded to take advantage of the monitor's highest resolution in order to display more information on the screen. Expanded the number of line items in the ‘Expand View’ and ‘Reduced View’ to take advantage of the large screen size.**
- **Added a new ‘Close’ icon (folder) to the program so that users can close an estimate without using the File option to do so.**
- **Header Tab has been revised to allow the user to override the value with a value earlier than the current year. This was greatly needed by USAISEC.**
- **Primary, Supporting and Remarks notes have been updated.**
